

(*Mathematica 9*)

```
GraphPlot[{1 → 2, {2 → 3, "line1"}, {2 → 3, "line2"}, 3 → 4}, MultiedgeStyle → 1.0, ImageSize → 600]
```

(*works correctly in Mathematica 8*)

```
GraphPlot[{1 → 2, {2 → 3, "line1"}, {3 → 2, "line2"}, 3 → 4}, MultiedgeStyle → 1.0, ImageSize → 600]
```
